BREEDING CERTIFICATE:

** Breeding certificates will be available at the end of the breeding season. **

PLEASE NOTIFY Marabet Farm of the result of your mare's pregnancy check. We recommend the first check no later than 16 days after ovulation. This will allow enough time for your breeding manager to prepare your mare for another cycle's breeding if she's not in foal. Please feel free to consult with Marabet Farm regarding any reproductive management issues your mare may have.

RETURN OF SERVICE:

The mare owner shall have the right of return to the Stallion's service in the next season only under the following circumstances:

If the mare does not settle during the present breeding season, she is eligible for return of service to the stallion if the mare owner submits a veterinarian's certificate to that effect.

If the mare is examined in foal but becomes barren during gestation, she is eligible for return if Marabet Farm receives a veterinary certificate of barrenness within thirty (30) days of the examination.

If the Mare subsequently produces a live foal that is unable to stand alone and nurse, and subsequently dies, or if the foal dies due to illness or accident within 3 months of birth, a veterinary certificate must be provided within ten (10) days of death.

If the Mare becomes unfit for breeding or otherwise unbreedable, purchaser may substitute another mare. Purchaser must request this change in writing.

All rights of return to the stallion are subject to prepayment of costs set forth in the "FEES" section above.

CONDITIONS

Marabet Farm assumes responsibility to deliver live semen in viable condition at the time of delivery to the supplied shipping address. The semen must be administered by a licensed Veterinarian or by a breeding technician on the same day it was received, or Marabet Farm will be considered to have fulfilled their contractual obligation and any other guarantees will not apply. Marabet Farm is not responsible for any veterinary bills associated with breeding your mare. Please choose your Veterinarian carefully, as not all are familiar with and skilled at equine reproduction.

Mare Owner understands that the Mare must be examined by a licensed veterinarian 60 days after the last day bred and Marabet Farm notified of her pregnancy status at that time.

If the fee for another Marabet Farm stallion is higher the difference will be paid by the Mare owner. Stallion contracts are non-transferrable to other people and may not be sold. Contracts will be honored if a mare is sold in foal to one of our stallions.

LIABILITY

The Mare Owner shall assume all responsibility for the condition of the Mare and shall bear all risk of loss or damage to the Mare, whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agrees to hold Marabet Farm LLC and/or any person associated with Marabet Farm LLC harmless for any and all damages associated therein.
